

## Castrol Chain Spray O-R

Chain Lubricant

### Description

Castrol Chain Spray O-R is a white, fully synthetic chain lubricant for motorcycle chains with O and X rings.

### Application

To maximise the performance of Castrol Chain Spray O-R, clean the chain with Castrol Chain Cleaner before gently applying the chain spray. Once the lubricant has been applied, wait, depending on the outside temperature for 10-20 minutes, to let solvent evaporate before using the motorcycle.

### Advantages

Castrol Chain Spray O-R provides:-

- outstanding lubrication and protection under extreme conditions
- excellent penetration and adhesion for minimal fling
- rapid evaporation of solvent to reduce penetration time
- resistant to water wash off
- protection against corrosion and aggressive environmental influences
- reduce frictional properties to maximise power output and wear protection

### Storage

All packages should be stored under cover. Where outside storage is unavoidable drums should be laid horizontally to avoid the possible ingress of water and damage to drum markings. Products should not be stored above 60°C, exposed to hot sun or freezing conditions.
